You are a very creative person with healthy creative expression. You have the ability to experience pleasure and attract those who like to be with the life of the party - even if you are quiet your flare for fashion speaks volumes. You are generous and giving which attracts others like a moth to a flame. You know how to set and live healthy boundaries and take care of yourself.

AFFIRMATION

"I AM AUTHENTICALLY CREATING A LIFE FREE OF STRESS AND FULL OF BLISS."

FEELING OUT OF BALANCE?

WRITTEN BY REBECCA FULLER

Do you find yourself craving unhealthy foods, have compulsive behaviours, feeling overly emotional or even hypersensitive to how people talk to you?

Or the opposite, feeling unemotional, lethargic, you lack desire or passion for anything. Life just feels boring and like you are on the treadmill of life.

USE THIS AFFIRMATION TO BRING BALANCE:

"AS I GROW TO LOVE AND ACCEPT MYSELF EXACTLY AS I AM, I COME TO DEEPLY APPRECIATE MY LIFE."

Bring the following Crystals into your life to bring balance:

Orange Calcite to bring back your spark and creativity, or to bring those compulsive behaviours back into balance.

Rose Quartz to bring some self-love to your life if you are acting in any of the ways listed to the left. By having rose quartz on your person, with the proper intention to love self, you start to treat yourself better, why? Because you love yourself enough to care for you.

Clear Quartz set with the intention to bring your mental and emotional state back into balance, help to clear the fog and set you back to balance mentally and emotionally.

Black Tourmaline is your friend when you feel either overly or underly emotional., as it helps to ground you and make you feel like you belong on this planet.
